## THE STATE BOARD OF HEALTH.

It is generally understood that there is to be an attempt made to abolish the State Board of Health. So far as we are informed, there is no complaint as to its efficiency, and it is admitted on all sides that it is one of the necessities that the people really need. It is wholly on the ground of economy that the change is contemplated. That times are hard, that the State is poor, and that taxes are high, all admit, but there is such a thing as false economy, and we believe to dispense with the Board of Health would be an instance of it. The members of the Board get no salary and are only allowed traveling expenses when a meeting becomes necessary, and a meeting is only necessary when a portion of the community is threatened with an epidemic.

Having the power to declare a place in quarantine when the occasion seems to justify it, enables them to act promptly when they become satisfied that an epidemic has started. Take the case of the smallpox in the Indian School near Carson not long since. By prompt action it was held right there and soon overcome. Had it been left to the public to manage, there can scarcely be a doubt that the disease would have spread and been the cause of no end of sickness and perhaps many deaths.

The Board also becomes very essential to the people of the State in cases where the removal of dead bodies is desired, for certainly they are much better judges of the danger there may be to the public in such removals than anybody else, and we suggest if such matters are to be under the control of recognized authority, a State Board of Health is just what is needed in the premises, and, too, the experience of other States in such matters should go for something. They have found it necessary to have health officers to watch over and have charge of matters pertaining to the good health of the people, and though times are hard, we do not hear of any of them attempting economy by doing away with these necessary safeguards.

## AN UNHAPPY EDITOR.

The following editorial from a Kentucky paper will be interesting reading to those of the Silver party who remember how relentlessly Mr. Henry Watterson pursued his old-time Democratic associates and Mr. Bryan during the recent campaign. Of course Mr. Watterson responds in kind and cannot be expected to lose much in the encounter. Evidently the great editor is not happy. On one side he has the great majority of the Democrats of his own State seeking his scalp and on the other the protectionists of his own found political associates. As it were, to use a common expression, the great editor statesman is "between the deep sea and the ironworks."

"On our first page to-day will be found the synopsis of a speech by Henry Watterson, the editor of the Louisville Courier-Journal and the self-styled leader of the Democracy of Kentucky, before the New York Board of Trade. Mr. Watterson acknowledges his subservience to this board of gamblers and robbers, and calls them the leaders of business and thought of the land. He pledges that where these plunderers lead he will follow, and takes upon himself the authority to say that the people will do likewise, which pledge we take occasion to deny the right of Mr. Watterson to make. We shall wait to see if Mr. Watterson has a word to say in the next State Democratic convention. We shall also see that he and his fellow deserter, Simon Bolivar Buckner, are given an invitation to leave the convention if they dare enter. Mr. Watterson may jolly the New York board, and have all the fun with them he can, but he is no longer a leader in Kentucky—except in the Republican ranks."

## THE WHEELMEN'S DANCE.

An Enjoyable Affair at the Pavilion Last Night.

The bicycle boys of Reno have good reason to feel proud of themselves this morning, for the dance given by them last night was one of the nicest ever given in Reno.

The pavilion was decorated in a tasteful and unique manner, showing that an artist had superintended the work. Bicycles had been placed on almost every foot of wall space, and, seemingly not content with this, the decorators had suspended a number of wheels from the ceiling.

The drill given by eight members of the club was something never before witnessed in the State. Mounted on their silent steeds, the neatly uniformed riders performed many difficult and pleasing evolutions. The floor was very slippery, but so well did the boys handle their wheels that the drill was a decided success.

The dance that followed was participated in by the large crowd in attendance, and a merry and enjoyable time was had.

A word about the music is not out of place. The good people of Reno have heretofore become so accustomed to string music in the ballroom that they imagined it next to impossible for a brass band to furnish satisfactory music. Last night, however, Hastings' band demonstrated that it could be done, and in splendid manner, too. For several weeks the band had been practicing for the dance, and the predilection of the people was the result.

## THE ASSEMBLY.

Short Sketches of the Members of the Lower House.

The Speaker, Hon. Lemuel Allen, representing the prosperous county of Churchill, has been twice honored in succession with the position of Speaker of the Assembly. He discharges his duties promptly and impartially. Outside of the legislative halls he is a full fellow well met. Everyone in the State knows him, or of him—higher honors await him.

Hon. C. E. Allen of Eureka, is a painstaking member, he is ever on the alert to see that there are no "jokers" in the bills introduced. Loyal to his constituents, he deserves further recognition at their hands, and would make an excellent State officer.

Hon. J. M. Bampton Jr. of Ormsby, is the youngest member of the Assembly. His youth is no barrier in the way of his efforts to secure good legislation. He is a genial fellow and his social facilities make him a favorite with all. Hon. T. J. Bradshaw of Humboldt, by occupation a tiller of the soil, figuratively speaking, he ploughs deep into every measure presented for consideration.

Hon. A. D. Burchfield of Lander, is a careful legislator, and when he rises to speak upon any question in the House, commands attention. He is a native of Pennsylvania, and helped to break the trails in the Western country.

Hon. Timothy Dempsey of Ormsby, is probably one of the best known men in the State. He was elected to the present Legislature by a handsome majority. He votes promptly and is a vigilant member.

Hon. Frank S. Fallon of Storey, is a popular member of the Assembly, never absent from his post, and guards faithfully the interests of his people.

Hon. Robert Ferguson of Storey, is a broad-gauged member. Not a selfish drop of blood courses through his veins. Of fine physique, and possessing a practical fund of information, he is prepared to vote intelligently upon all questions.

M. G. Foster of Eureka, by occupation a printer, cannot be anything else but a competent legislator. A newspaper office is a practical school for the preparation of its pupils in any of the walks of life. He is acquiring himself to the satisfaction of his constituents.

Hon. L. Fitzgerald of Storey, is a young man 28 years of age, a Native Son of California. He always records his vote on the right side.

Hon. H. Garrard of Esmeralda, is the only member who did not discard the name Democrat, in giving in his politics. He is an aggressive member, and the only time he failed to carry his point, was upon the women's suffrage question. He is true to his friends, relentless to his enemies. He is a close student of the Bible, and has the latest edition of that work in his library.

Hon. R. G. Gilbert of Nye, is an active member. He is engaged in the stock business in Nye county, and he is thoroughly posted upon the requirements of that industry in the way of legislation. He has a pleasant, unassuming manner which makes him popular.

Hon. Charles Green of White Pine, is chairman of the Committee on Internal Improvements. He is an earnest advocate of good measures, and an influential member.

Hon. Z. T. Hardesty of Elko, is a prominent member of the Assembly, of pleasing address, and when he makes a point it is of telling effect. Hon. G. W. Hatch of Storey, is an able representative. Thoroughly educated in business, he has the advantage of quickly discerning the good points in measures submitted for consideration. He is a pleasant gentleman and deservedly popular.

Hon. S. J. Hodgkinson of Washoe, ably represents his county. He indorses every measure that promotes the prosperity of his people. However, he is careful that other sections of the State are not effected thereby. Sam, as at home, is all right.

Hon. F. G. Hoenstine of Humboldt, a typical Pennsylvanian, cannot be anything else but generous—a generous man always accords to others a right to their opinions, and will endeavor to wield their influence in the right direction, which he does.

Hon. E. Lemmon of Washoe, is well and favorably known where he resides, and commands the same influence here. He is thoroughly imbued with but one idea and that is to do the right thing at the right time.

Hon. A. Lemhart of Storey, is ever watchful to the interests of his people. He is a careful business man, thoroughly practical, and inaugurates and carries out wholesome measures.

Hon. A. M. McAfee of Elko, resided for many years in Washoe county. A more honest and conscientious man than Mac does not live. He is progressive and alive to the interests of Nevada.

Hon. S. L. McNaughton of Esmeralda, Speaker Pro Tem, is a prominent member of the Assembly—an able and conscientious member. When presiding, his courtesy and fairness are characteristic of the man. To know him is to like him.

Hon. F. H. Norcross, is here, as at home, deservedly popular. Washoe county made a wise selection in sending him to the Assembly. He is a close student, and presents his views in an able and fearless manner.

Hon. Frank Oliver of Ormsby, is one of the hard workers of the Assembly. He is studious and gives every measure careful consideration before casting his vote. He is a fearless advocate of what he believes to be right. He is a rising young lawyer, and will attain

eminence in his profession. He is very popular with the ladies, resulting not only from his good looks, but from the fact that he was an able exponent of the evils of woman suffrage.

Hon. B. H. Meyers of Lyon, at home is highly respected and he commands the same respect in the Assembly. An earnest, conscientious worker, he is on the alert to check any legislation that will offset the interest of his constituents.

Hon. William Smiley of Elko, is a respected citizen of the county where he resides. He is a careful and painstaking legislator, and the people who elected him a member of the Assembly will have no cause to regret their choice.

Hon. O. H. Stoddard of Washoe has repeatedly been intrusted with interests of his people in an official capacity. He has honestly and efficiently discharged the duties imposed. He understands himself thoroughly, and no class legislation gets through the meshes of his net.

Hon. Hugh Trembath of Storey is a good member, well versed in parliamentary rules, and efficiently represents his people.

Hon. G. D. Whitney of Lincoln comes a long distance to serve his constituents. Evidently they were careful in their selection, from the close attention that their member gives to every question that comes up for consideration.

Hon. R. T. Wilkerson of Douglas is chairman of the Committee on Engraving. He is a perfect gentleman, faithful in the discharge of his duties, and loyal to the interests of the State.

Hon. C. T. Wogan of Lyon is a young, aggressive member, and is very popular. He is magnetic, and to meet him is to admire him. He is a single man, and would be a good catch for some prepossessing young lady. He is well posted upon the needs of the State, and makes many valuable suggestions to his fellow members.

Trib is the liniment of the century.

# THE NEVADA LEGISLATURE.

THE EIGHTEENTH SESSION—  
THIRTY-THIRD DAY.

Swinerton, the Caricaturist, Arrives—Fitzsimmons Expected To-Morrow.

CARSON, February 19, 1897.

The arrival of Swinerton, the caricaturist, also a number of sporting men, created a little stir in Carson this morning, but the heavy snow storm has had rather a depressing effect on the various new comers, especially those immediately connected with the fight. Corbett has not as yet gone into his new quarters, but is doing some light training at the Opera House. Fitzsimmons is expected to-morrow morning's train and will doubtless be accorded a rousing reception. Quarters have been prepared for him at Cook's Grove, two and a half miles east of Carson. It is probable that he will be taken to his quarters and the public will see very little of him until the day of the fight.

The storm has been a severe one, consequently the Capital is very dull, as far as general news is concerned. The Assembly had a scrimmage yesterday over the Summerfield bill regarding the submission of the question, "Shall the glove contest law be repealed?" After considerable debate and explanations from various members, why they had supported the bill and why they would now vote against the bill before the House, took up a great deal of time. Some of the reasons given were amusing, but from the first it was apparent that the bill was doomed and the members determined to stand by the action they had taken on the original measure and allow the political conventions to instruct the members of the next Legislature to repeal the law if the people wish it.

Motion by Trembath that Assembly bill 62 be laid on table. Carried.  
Adjourned.

### WEATHER BULLETIN

The Lowest Temperatures Will Occur the Last of the Month.  
(Copyright, 1906, by W. T. Foster.)  
St. JOSEPH, Mo., Feb. 20.—My last bulletin gave forecasts of the storm wave to cross the continent from the February 23d to 27th.  
The next disturbance will reach the Pacific Coast about February 27th, cross the west of the Rockies by the close of the 28th, the Great Central Valleys March 1st to 3d, and the Eastern States the 4th.  
The warm wave will cross the west of the Rockies about the February 27th, great central valleys March 1st, the Eastern States the 3d. The cool wave will cross the west of the Rockies about March 2d, the great central valleys the 4th, Eastern States March 4th.  
This disturbance will occur near the turn from the high to the low temperature storm period, and, as announced in last bulletin, low temperatures may be expected about this time, the lowest since the last of January.  
The temperatures may, however, reach the lowest point from the 26th to the 28th, or March 3d to the 6th.  
This disturbance will also bring heavy rains south and snows north, and as the greatest amount of precipitation occurs near the high point of the high temperature storm periods, and as these periods turn toward the low temperature periods, this disturbance will conclude the heavy rains and snows for the present.  
Drier weather will follow the above disturbance and many places will experience a fear of drought till the crest of the next high temperature period is reached, and not far from March 24th, when the rains will come again.  
The second disturbance of March will reach the Pacific Coast about the 5th, cross the west of the Rockies country by the close of the 6th, great central valleys the 7th to the 9th, Eastern States the 10th.  
A storm wave will cross the west of the Rockies country about March 5th, great central valleys the 7th, Eastern States the 9th. A cool wave will cross the west of the Rockies country about March 8th, great central valleys the 10th, Eastern States the 12th.  
The first week in March will average colder than usual and the precipitation will be more than normal. From that time onward the rise in temperature will be more rapid than the season would suggest and the rainfall will be less than might be expected till the culmination point is reached not far from March 24th, when weather conditions will collapse and another fall in temperature, accompanied by heavy rains, will occur.

### Illustrated Lecture.

Lieutenant Hamilton of the State University, will deliver a lecture in General Assembly Hall on Saturday evening, February 20th, on the military and naval schools in the United States. The lecture will be illustrated with stereoscopic views of West Point, Annapolis and other national schools. The proceeds are to be devoted to procuring instruments for a cadet brass band. The San Francisco Examiner says of this lecture:  
"Lieutenant W. R. Hamilton, U. S. A., professor of military science at the University of Nevada, lectured last night in the Young Men's Christian Association auditorium upon the military and naval schools of the United States. His pleasing description of cadet life and his narrations of the customs of the nations schools of warfare were illustrated with many stereoscopic views of scenes and incidents of peculiar interest."  
The cause is such a worthy one, the lecture so sure to be interesting and the price of admission—25 cents—no low that the college hall should be packed with a large audience.  
"To Beer or Not To Beer," That's the question. Miller & Stamp say "Beer?" and this is the cause of it. They have just received a carload of Pabst from Milwaukee, and it's all on account of the great globe contest. People must have mild drinks in the midst of exciting times, and beer just fills a long-felt want.

Celebrated for its great leavening strength and healthfulness. Assures the food against alum and all forms of adulteration common to the cheap brands.

ROYAL BAKING POWDER CO., NEW YORK.

### For over Fifty Years

Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children while teething. It has relieved at night and broken up a fever by a sick child suffering and crying with pain of cutting teeth, and at once and get a bottle of Mrs. Winslow's Soothing Syrup for children teething. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. ### Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, indigestion, constipation, dizziness, yield to Electric Bitters. Fifty cents and \$1 per bottle at S. J. Hodgkinson's drug store.

### Diphtheria Cure.

The testimony of a prominent physician:  
FOUNTAIN CITY, Ind., June 17, 1895.  
This certifies that I have been using V. O. in my practice. I have never found any medical preparation in 46 years of practice that is calculated to do so much good in so wide a range of diseases and leave no after bad effects. In Diphtheria it has proved a perfect specific in my hands, and I had rather depend on it alone in that dreadful disease than the whole popular Materia Medica with that left out.

A number of the ladies of Reno have kindly volunteered to give a series of readings at the Young Men's Christian Association rooms for the purpose of securing books for the library. These readings will be given every Wednesday evening until notice. The price of admission (ten cents) is small, and all who are interested in this work should attend. The library committee will be pleased to receive donations of good books for the library. Anyone wishing to contribute in this way is requested to confer with the Secretary of the Young Men's Christian Association.

### Marvelous Results.

From a letter written by Rev. J. Gauderman, of Diamondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at River Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at S. J. Hodgkinson's drug store. Regular size, 50 cts. and \$1.

### Viava Is King.

Visitors to Reno, are cordially invited to call and investigate the merits of Viava. I have sold since June, 1895, \$13,900 worth, this speaks its value without further words.
